Spring is here, well almost here! The signs are all around us. Some of the trees have buds and there are little shoots coming up through the ground that will soon be flowers or weeds. Springtime is a good time to be in awe of God's creations. The trees brown sticks will soon be covered in leaves. Some of the flowering trees have already bloomed with colorful flowers. Soon the animals that hibernated will be crawling up from the mud and we will hear the croaking of frogs and see turtles swimming in ponds and streams. The days get warmer and daylight lasts longer into the evening. The cold dark days of winter are over for a time. All this points to a renewal of nature. What once was dead or appeared dead is now being restored and refreshed. As God can restore the trees and flowers He can restore us. Psalm 23 tells us that God restores our soul.

On a different note, I want to give a BIG THANK YOU to the Auxiliary for a donation of \$500.00 to the flag box fund. ***Thank you Auxiliary!***
